**Subject:** RE: CRC Class VI Application Follow-Up Meeting?

Hi Adam, it looks like we could do Tuesday morning at 10am, or Wed. morning before 11am. Let me know if one of those slots works for you and your team.

Thanks, David

**Subject:** CRC Class VI Application Follow-Up Meeting?

David:

Could we do a short (less than 30 minutes) follow up meeting on the CRC A1A2 Class VI Submission? We are submitting our next class VI application (for 26R) in the next week or so and just want to touch base on status, timing, etc on the first application. As you can imagine we routinely get questions from reporters, sources, analysts, investors, even other regulators (like Kern County) about status and timing. On our side at least we underestimated the outsized interest this would generate. It would be really helpful if our combined technical and management team could do a very short touch base.

If that works, easiest thing would be for you to send 2 or 3 times that work on your side and we will make one work.

Thanks,

Adam
